Fits standard 51 × 51 mm square label sheets, e.g. Label Planet LP15/51SQ and equivalents. Page 3 is edge-to-edge; page 4 keeps a white sticker margin.

pages 5–6 • large single, 150 mm • cut by hand

One big sticker per page for full-sheet A4 sticker paper. Cut along the dashed line.

before you print

Set scale to 100% ("actual size") — never "fit to page". Print only the page you need. Label sheets vary by ±1 mm, so do a test print on plain paper first and hold it against the label sheet.
